No. of votes received by postal ballot paper = 2

These were rejected for want of declarations (Form 13A) by the Voters

Note: There is a difference of 84 votes in the total no of votes polled in the constituency and those shown in the result sheet given on 13-02-2007. In the earlier result of polling the total no of votes polled was shown to be 61122 how ever during the election held on 13-02-2007, one of the control unit at booth no 51 suddenly developed a mechanical fault and stopped functioning. Presiding Officer reported the matter to the concerned Supervisory Officer who immediately replaced the defective control unit with the reserve control unit he was carrying. Prior to this replacement the previous control unit contained 84 no. of votes. This machine did not retrieve the result/data and displayed votes despite best efforts made by the engineer of ECI on 27-02-07 during counting.

The matter was, therefore, referred to the Secretary ECI for granting permission to declare the result without taking into consideration the 84 votes polled in the defective control unit at Booth No. 51. The ECI granted approval by fax for declaring the result without taking into consideration these 84 votes. Since the difference in the votes polled by the top 2 candidates was 1782 which is more than 1% of total votes of the constituency i.e. 91217 out of which 61122 were polled and only 61038 were retrieved.

A copy of the reference made to the Commission and permission granted by the ECI in enclosed herewith for information.
